

CYBERCELL

We select only the finest raw materials, carefully sourced either locally or imported from Europe and other parts of the world. These premium resources are then processed using advanced technologies and proprietary manufacturing techniques to create CYBERCELL sintered stone of exceptional quality and durability. Our versatile designs seamlessly enhance a wide range of spaces, from kitchens, bathrooms, and living rooms to stairs, bedrooms, and much more, offering stylish and functional solutions for every area of your home.

By pushing the boundaries of application, CYBERCELL has evolved from offering decorative materials to providing advanced applied materials. Our design, processing, and application processes are now more diverse and extensive, allowing us to meet the demanding standards of high-end applications across a wide range of industries and projects.

It can be in direct contact with food,100% recyclable,non-toxic and non-radioactive. Human sustainable development,health and environmental protection.

It has a water absorption rate of 1/1000, stains cannot penetrate, and it is sterile.

It only needs to be wiped with a damp towel to clean up. No special maintenance requirements, and the cleaning is simple and fast.

The texture of sintered stone is rich and varied, which can be customized according to the user's needs.

Direct contact with high-temperature objects will not deform, and A1 grade high-temperature sintered stone will not produce any physical changes (shrinkage, cracking, discoloration) when it encounters a temperature of 2000\* C, nor will it emit any gas odor.

- Mahs hardness up to 5

Resistant to various chemicals,including solutions,disinfectants,etc.

# CYBERCELL

**Touching every corner of  
your world, our ideals are  
unstoppable**

Just like the wind that cannot be contained. Ever-changing and dynamic, our designs resemble a Rubik's Cube, transforming concrete space into intricate geometric forms through the relationships between simple elements such as points, lines, surfaces, and angles.

By exploring various arrangements and combinations, we create multiple possibilities that spark curiosity and inspire a desire to discover more. Our approach continually engages and captivates, inviting you to explore new dimensions of design and innovation.
